CORE TOPICS

Cardiff

Friday 22 June 2018

Organisers: Drs Jonathan Hall & Lucy De Lloyd, Cardiff

Location: Radisson Blu Cardiff, Meridian Gate, Bute Terrace, Cardiff, CF10 2FL

Learning Objectives

Right & left heart failure for the anaesthetist *Dr Zaheer Yousef, Consultant Cardiologist, Cardiff*

1. To appreciate the causes of left and right heart failure.
2. To understand optimal treatment of heart failure.
3. How to deal with cardiac devices during surgery.

Pre-operative acclimatisation *Dr Tony Funnell, Bridgend*

1. Understand what constitutes pre-operative optimisation.
2. Know where to find the resources available to support patients pre-operatively.
3. Consider some personal / local interventions that may improve your hospital's pre-operative patient preparation.

Anaesthetic training – real life models *Dr Tom Kitchen, Swansea*

1. Explore factors that have impacted on how the practice and assessment of medical training has changed.
2. Explore the concept of clinical excellence and how this can affect learning and development.
3. Encourage self-reflection on attitudes to training and the power of role modelling as an educational tool.

New tricks in acute pain *Dr Dave Leslie, Cardiff*

1. Understand the need and indications for opioid sparing analgesia.
2. Review the evidence for the use of different opioid sparing agents.
3. Discuss in detail the use of intravenous lidocaine infusions for acute pain management.
