

Clinical Directors Meeting

Joint event between the Royal College of Anaesthetists and the Association of Anaesthetists

Royal College of Anaesthetists, London
Tuesday, 27 November 2018

Clinical Content Leads: Dr Richard Davidson and Dr Caroline Hibbert

5 CPD Credits Anticipated

The November Clinical Directors Meeting will focus on a variety of topics relevant to clinical managers in some of the most challenging roles within NHS Trusts, managing large numbers of staff and interacting with virtually every other specialty whilst juggling conflicting priorities. The meeting programme will have a focus on emergency preparedness, workforce safety and operational aspects of running an anaesthetic department.

There will also be ample time for delegates to network, share information and establish links with local and more distant colleagues.

This is an invitation only event. To confirm your place, please email daelhughes@aagbi.org.
