

An introduction to obstetric regional analgesia and anaesthesia for trainees

Tuesday 2 October 2018

Organisers: Dr Suni Halder, Oxford and Prof Steve Yentis, London

Location: 21 Portland Place, London, W1B 1PY

Stepping foot on to labour ward as a trainee can be daunting. This seminar is aimed primarily at ST1-2 trainees and intended to provide those approaching, or in the early stages of, their first obstetric block, with the knowledge and confidence to deal with regional analgesia and anaesthesia on labour ward.

The seminar includes presentations, group discussions and practical exposure to different equipment and supervised practice inserting epidurals and spinals using manikins

** Now in its 9th year – feedback from previous years: 100% excellent/good **
