

Total intravenous anaesthesia

Wednesday 05 September 2018
Organiser: Dr Anup Biswas, Doha, Qatar

SIVA

Programme

- 09:30** **Registration / Tea & coffee**
- 10:00** **Introduction**
Dr Anup Biswas, Doha, Qatar
- 10:05** **Why TIVA? Why TCI? – Wigmore et al 1A02**
Dr Peter Klepsch, Bristol
- 10:35** **Pumps & models 1A02, 2E01**
Dr Nigel Huggins, Birmingham
- 11:20** **Tea & coffee**
- 11:40** **How I do it – special clinical circumstances 2A07, 3I00**
Dr Anup Biswas, Doha, Qatar
- 12:20** **How I do it – software simulations 2A07, 3I00**
Dr David Mulvey, Derby
- 12:50** **Lunch**
- 13:35** **Depth of anaesthesia monitoring – the good, the bad and the ugly (impact of the Schuller paper) 3A06**
Dr David Mulvey, Derby
- 13:50** **Lines and pumps – delivering TIVA safely 1I03**
Dr Nigel Huggins, Birmingham
- 14:15** **Hands on with different TCI systems 2A10, 2C05**
Equipment demonstration
- 15:45** **Question time**
Faculty, chaired by Dr Anup Biswas, Doha, Qatar
- 16:30** **Depart**

Learning objectives:

1. To understand the basic principles and practice of total intravenous anaesthesia (TIVA)
2. To understand the principles of target controlled infusion
3. To understand the differences in pharmacokinetic models used for TIVA
4. To understand the advantages and disadvantages of TIVA
