This seminar covers all 4 domains of the General Medical Council's 'Good Medical Practice' framework.

Domain 1: Knowledge, skills & performance

Domain 2: Safety & quality

Domain 3: Communication, partnership & teamwork

Domain 4: Maintaining trust

Learning objectives:

1. National audit can improve outcome
2. Anaesthesia and orthogeriatrics need to team up for future improvement
3. Hip fracture anaesthesia is an important determinant of patient outcome
