# Hip fracture care

**Thursday 14 March 2019**

**Organiser:** Prof Richard Griffiths, Peterborough

This seminar covers all 4 domains of the General Medical Council's 'Good Medical Practice' framework.

Domain 1: Knowledge, skills and performance

Domain 2: Safety and quality

Domain 3: Communication, partnership and teamwork

Domain 4: Maintaining trust

## Learning objectives

1. National audit can improve outcome
2. Anaesthesia and orthogeriatrics need to team up for future improvement
3. Hip fracture anaesthesia is an important determinant of patient outcome
