13:30	Paediatric anaesthesia complications Domains 1 & 2, 2D02, 2D04, 2D05 Dr Phil Hodgson, Norwich
14:20	Break
14:30	Complications resulting from data misinterpretation Domains 2 & 3, 1G01, 1G02, 1I05 Dr John Carlisle, Torbay
15:20	Perioperative renal complications Domain 1 & 2, 1A05, 2A05 Dr Monica Trivedi, Cambridge
16:00	Summary and close of meeting Dr Kamen Valchanov, Papworth Hospital

Domain 1: Knowledge, skills & performance, Domain 2: Safety & quality, Domain 3: Communication, partnership & teamwork. Domain 4: Maintaining trust

Learning objectives

1. To learn about the variety of peri-operative complications encountered in anaesthetic practice from a clinical and non-clinical viewpoint.
2. A practical approach to the problems that arise from peri-operative complications in anaesthesia in the light of latest evidence.
3. The incidence, management and prevention of both serious complications (i.e can't intubate, anaphylaxis) and frequently occurring complications (cardiovascular, airway).
4. To develop a personal strategy to mitigate against complications related to frailty.
5. The legal framework applied to being an expert witness, or being asked to write reports for police and courts.
