Doctors' Mess

Rebecca Viney

Dr Rebecca Viney, Doctors Mess (Caring for Carers)

Doctors' Mess was established early in 2020 as the pandemic began. It allows groups of doctors to share their experiences in a safe and confidential virtual space with themes of coaching, positive psychology, mutual support and diversity. To date, there have been almost 100 Doctors' Mess events with participants from primary care and difference specialities in hospital medicine. To find out more, visit www.caringforcarers.org.
