

**Association  
of Anaesthetists**

# Hip fracture care

**Thursday 28 April 2022**

**Location:** 21 Portland Place, London

**Organiser:** Prof Richard Griffiths, Peterborough

- 09:15**            **Registration / tea and coffee**
- 10:00**            **Introduction - including General anaesthesia vs Regional anaesthesia (RAGA) history precis**  
Prof Richard Griffiths, Peterborough
- 10:15**            **Orthogeriatric management**  
Dr Helen Wilson, Orthogeriatrician, Guildford
- 10:45**            **Recent evidence - type of anaesthesia. Do RAGA and Regional vs. general anaesthesia for promoting independence after hip fracture (REGAIN) tell us anything new?**  
Dr Stuart White, Brighton
- 11:15**            **Controversies in surgery for hip fracture - should all hemiarthroplasties be cemented? Plus other surgical gems**  
Mr Martyn Parker, Peterborough
- 11:45**            **Tea and coffee**
- 12:00**            **DOACs and Dangerous Delays**  
Dr Amy Mayor, Huddersfield
- 12:20**            **Anaemia and blood transfusion in hip fracture**  
Dr Nick Freeman, Leeds
- 12:45**            **Lunch**
- 13:45**            **Standardisation in hip fracture care**  
Dr Dom Hurford, Llantrisant
- 14:15**            **Dedicated older persons trauma anaesthetists**  
Dr Subash Sivasubramaniam, Birmingham
- 14:35**            **Qualitative approach to hip fracture care, what else can we measure?**  
Dr Cliff Shelton, Manchester
- 14:55**            **Tea and coffee**
- 15:10**            **Where should we focus research and audit efforts? How could the national hip fracture database (NHFD) be improved for anaesthesia?**  
Dr Ian Moppett, Nottingham
- 15:30**            **Questions and answers- submitted questions plus a focus on RAGA and REGAIN**
- 16:00**            **Close of meeting**
