

**Association
of Anaesthetists**

Monitoring the Triad of Anaesthesia

Monday 17 October 2022

Location: 21 Portland Place, London

Organisers: Dr Grant Rodney, Dundee

Join us for this exciting seminar discussing monitoring of the anaesthesia components: hypnosis (depth of anaesthesia), paralysis (neuromuscular blockade) and analgesia (nociception). The seminar offers a series of talks, interactive discussion, workshops with practical equipment demonstration, and case presentations.
