

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
Oral presentations - Audit, quality improvement and survey		
1	The standardisation paradox in anaesthetic practice: comfort or complacency?	Uzair Ali , Areebah Hassan, Patrick Dillon
2	A survey-based analysis of knowledge and usage of anaesthetic agents among non-consultant hospital doctors in Ireland	Uzair Ali , Areebah Hassan, Patrick Dillon
3	Improving communication and safety: local anaesthetic infiltration	Charles Flanders , Lorraine Harrington
4	Does it make a difference? Carbon emission analysis of changing central line insertion packs	Ben Jones , Max Clayton-Smith
5	Environmental impacts of volatile and total intravenous anaesthesia in elective cholecystectomy: a pilot study and comparative life cycle analysis	Aditya Krishnan , Stephen Berry, Katie Booth, Louise Hiller, Joyce Yeung
6	A survey of the plan D drawer of difficult airway trolleys across the North West England and Wales. How standardised is 'standardised'?	Alexander Malin , Clare Buffery, Samuel Forryan, Eleanor Quilliam, Gary Rodgers, Peter Groom
7	Reducing underutilised patient-controlled analgesia: a multidisciplinary quality-improvement project	Shuwen Oo , Aaron Tiong, Shi Hui Teh
8	The financial and environmental cost of anaesthetic emergency drugs: comparing ampoules with prefilled syringes. A second-cycle quality-improvement project	Edward Parkinson , Eleanor Plews, Chinthaka Hewavitharane, Grace Catchpole, Himanshu Arora, Champa Chapman
9	'Sip 'til Send': an emerging practice to reduce prolonged fasting hours and improve patient satisfaction	Fabiha Parveen , Haitham Rizk
10	Predicting postoperative acute kidney injury after lower-limb amputation: a peri-operative risk model	Lynette Tee , Rahul Norawat
Oral presentations - Case reports or case series		
11	A rare antenatal presentation of granulomatosis with polyangiitis: peri-operative planning and airway management	Edward Cook , Mohamed Ibrahim, Yogini Kalamkar, Fang Lam, Elizabeth Ross, Jaimie Marshall
12	A rare case of urea cycle disorder in the post-partum patient	Rabia Ghani, Raissa Mall , Sita Techaboonanake, Michelle Auckland
13	Procedure-specific risk quantification: are we using the cardiopulmonary exercise testing service wisely?	Mohamed Ibrahim , Manpreet Singh, Aniruddha Chakravarti, Rik Mukherjee , Ishaan Mukherji
14	Post-bariatric surgery leading to bowel obstruction complicated by sepsis in the second trimester of pregnancy: a challenge for the anaesthetist	Dona Kalpani Ruwanari Kannangara , Manoj Sharma
15	Concealed pregnancy presenting with profound anaemia and thrombocytopenia: chronic malnutrition mimicking obstetric emergency	Chloe Uffendell, Alexander Grant , Sophie Earle
Oral presentations - Education and training		
16	"You can handle that, can't you?" A reflexive thematic analysis of how doctors in anaesthetics training approach the decision to ask for help while on-call	David Brooks , Clare Morris, Esther Murray
17	Training the trauma anaesthetist: a trauma-focused course for Stage 1 anaesthetic trainees	Rhona Martin , Christopher I'Anson, Luke McMenamin
18	Introduction of a virtual peer-peer Core Anaesthetics interview preparation course	Katy Plant , Robert Ross, Vanessa Ogunko
19	Emergency front of neck access: survey of training, teaching and development of an emergency front of neck pack	Christopher Rowe , Omar Abdelaziz, Kaya Jeyarajah

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
20	Simulation for novice anaesthetists: cultivating a community of practice	Stephen Waite , Emma Phillips, Edward Mellanby
Oral presentations - Original research		
21	Development and validation of a modified ARISCAT score for predicting postoperative pulmonary complications in elective, open, upper abdominal cancer surgeries	Reshma Ambulkar , Shwetal Solanke, Virinchi Sanapala, Aditya Kunte, Sohan Solanki
22	Postoperative anemia and short-term outcomes after elective cardiac surgery: insights from a single-centre cohort study	Maggie Chen , Michelle Li, Maral Ouzounian, Stuart McCluskey, Keyvan Karkouti, Justyna Bartoszko
23	Prevalence, clinical impact and biochemical correlates of hypophosphataemia in critically ill intensive care unit patients: a retrospective cohort analysis	Kumaran Gnanasekaran , Karukkuvel Vignesh, Indira Priyadharshini Basker, Rajendra Prasad M
24	Building consensus in airway management research: an airway terminology and outcome measures modified Delphi study report	Jan Hansel, Vinay Tanna , Alexander Fuchs, Robert Greif, Tim Cook, Kariem El-Boghdadly
25	The structural and organisational impacts of peri-operative enhanced care services in the UK: a retrospective evaluation of postoperative alternatives to critical care	Chris Oddy , Dominic Lowcock
26	Total intravenous anaesthesia versus inhalational anaesthesia for bladder cancer surgery: a systematic review of effects on intra-operative outcomes, postoperative outcomes and cancer pathophysiology	Patrick Oliver , Ffion Samuels, Christopher Hillyar
27	Use of a chatbot to assist pre-operative assessment: a feasibility study	Nikita Saji , Zubair Umer Mohamed, Kamal Bijlani, Marva Abdul Khader, Rajesh Kesavan, Pavan Kumar
ePosters		
Audit, quality improvement and survey		
28	Ditching the drip: a quality-improvement project to reduce the use of intravenous paracetamol peri-operatively	Saima Ahmed
29	Embedding safety in the routine: examining World Health Organization Surgical Safety Checklist adherence in elective surgery at a busy National Health Service hospital	Shaimaa Ahmed , Darryl Braier-Lorimer, Shuliang Oliver Cheng, Raahul Niranchanan, India Sheridan, Raj Shah
30	A 1-year retrospective audit of decision-to-delivery interval and associated metrics in category 1 caesarean sections at a level 4 hospital	Uzair Ali , Andras Mikor, Kieren Moloney
31	Exploring an association between deprivation of living standards and emergency laparotomy outcomes in Leicester over a 6-month period	Jaimin Arya , Upasana Topiwala, Akeeban Maheswaran
32	Atropine and ephedrine pre-filled syringes reduce drug and plastic wastage: a quality-improvement study	Dominic Atraszkiewicz , Niven Akotia
33	Bespoke standardisation of drug labels across all theatres in a district general hospital	James Baker , Rosamond Nicholson, Nicole Marshall, Amar Jessel
34	Baby booming: investigating changes in caesarean birth rate in one Scottish district general hospital	Katie Barbour , Andrew McCallum
35	Prep, stop, block: how good do we think we are?	Ryan Barter , Adam Kirk, Andrew Donnelly, Shreekar Yadthore

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
36	Digitalisation of the largest anaesthesiology and intensive care department in Ireland. Our experience of enhancing information sharing and clinician guidance	Yasaman Besharatian , Fionn Ó Laoire, Fahd Aamir
37	Reducing the median time to send for the golden patient through the implementation of an anaesthetic handover checklist	Emily Black
38	Improving use of opioids in obstetric general anaesthesia	Anna Boyer , Julia Critchley, Kate Theodosiou, Nicki Alexander
39	Implementation of a bundle of measures to optimise intubation success and safety in obstetric patients	Anna Boyer , Kate Theodosiou, Julia Critchley, Nicki Alexander
40	From ticks to teamwork: improving World Health Organization Surgical Safety Checklist adherence in trauma and orthopaedics theatres in a medium-sized district general hospital	Darryl Braier-Lorimer , Shuliang Oliver Cheng, Shaimaa Ahmed, Raahul Niranchanan, India Sheridan, Raj Shah
41	'Thirst for change': improving pre-operative hydration for emergency surgery in a district general hospital	Zacharias Buttigieg , Samuel Smith
42	Re-auditing in-hours supervision of anaesthetic residents using the Cappuccini audit tool at Dartford & Gravesham NHS Trust	Zhen Cahilog , Aasmita Gautam-Simms, Poonam Kolte, Sean Cardoso, Maged Khalil, Dawn Harpham
43	Has videolaryngoscopy killed the airway assessment star?	Ryad Chebbout , David Burgess, Steven Young
44	Emergency theatre, everyday risks: auditing World Health Organization checklist use in Confidential Enquiry into Patient Outcome and Death lists	Shuliang Oliver Cheng , Darryl Braier-Lorimer, Shaimaa Ahmed, Raahul Niranchanan, India Sheridan, Raj Shah
45	Using the lens of Maslow's hierarchy of needs to review anaesthetic care in Watford General Hospital	Tsz Ching Natalie Chuen , Arya Falahati, Saranya Meka, Ching Stephanie Ho, Karthikeyan Selvaraju
46	Challenging traditions. An audit of consultant anaesthetists' practices in performing neuraxial blockade for caesarean sections: anaesthetic room versus operating theatre	Joey Coyne, Annie Condren
47	Quantitative monitoring of neuromuscular blocking agents during anaesthesia and recovery: a quality-improvement project	William Crookes , Shaymaa Abdelhak, Philip Barclay
48	Postoperative nausea and vomiting: an audit of our department's approach to the prevention and management	Pippa Cullingworth , Vaisakh Viswanathan, Joanne Joshua, Deepak Subramani
49	Assessing knowledge and confidence in peri-operative frailty assessment among anaesthesia staff at Cork University Hospital	Islam Daffalla, Caolan Abrahams , Kate O'Hare
50	Fuel for the gas: a survey of caffeine tendencies amongst anaesthetists and intensivists	Nuwan Dahanayake
51	Weighing up our practice: an audit of obstetric care for obese women against current Royal College of Anaesthetists' standards	Nuwan Dahanayake , William Turner
52	Standardising patient monitoring parameters across NHS Ayrshire and Arran: a patient safety quality-improvement project	Niamh Davies-Branch , Jillian Scott, Sarah Meredith
53	Improving the quantity of fascia iliaca blocks performed for fractured neck of femur patients in a district general hospital emergency department	Georgina Donowho
54	Dental avulsion and anaesthetic management in the West of Scotland: a survey	Robert Dorey , Michael Kerr

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
55	A year of major trauma in the West of Scotland. Analysis of tier 3 trauma patients presenting to the major trauma centre	James Durkan, Frances Lanaghan , Stewart McKie, Emily Walker
56	Using a patient group directive to reduce intra-operative intravenous paracetamol use, saving money and carbon	George Dykes
57	A survey of postoperative analgesia for paediatric scoliosis centre	James Edwards
58	Acute appendicectomy: an audit of clinical practice	James Edwards , Aaqid Akram, Ameerah Azmil
59	Standardisation of the provision of emergency guidelines within theatre and remote environments: a single-centre quality-improvement project	Elizabeth Evans , Charlotte Brock, Tabea Haas-Heger, Sean Speers
60	Developing a local guideline for the peri-operative management of patients with thyroid disease	Thomas Fenner , Helen Porter, Joanna Simpson
61	An audit on post-anaesthetic handover in recovery	Diaan Gill , Alicia De Vidal, Hari Krovvidi
62	Avoiding suga-babes: improving counselling of surgical patients about potential interactions between sugammadex and hormonal contraception through departmental education	Jessica Gillard , Erika Refsum, Alice Roberts, Shira Dworkin, Kakali Chattopadhyay, Sheldon Zhang
63	Improving and sustaining compliance with the 'Prep, Stop, Block' protocol in regional anaesthesia: a reflective quality-improvement approach to enhance patient safety	Megan Glynn , Abigail Walsh, David Rowe
64	Deep sedation for endoscopic retrograde cholangiopancreatography significantly increases list efficiency: a standard operating procedure from a major teaching hospital	Alexander Grant, Alison Colhoun , Nilmini Manawaduge, Aaron On, Matthew Huggett, Bharat Paranandi
65	Development of a pre-operative anaemia pathway at Kettering General Hospital: a quality-improvement project	Charlotte Hall, John Whitehouse , Robert Watson, Farhaan Moosa, Sanam Gill, Thomas Benson
66	Improving neuromuscular blockade monitoring through equipment investment and education	Aqsa Haq, Sam Perkins
67	Improving the safety of antibiotic administration in the operating theatre: a quality-improvement project	Anes Harid
68	Environmental concerns regarding pipeline nitrous oxide in anaesthetic machine checks	Jo Haxworth , Ravi Shankar
69	Management of rib fracture patients in a trauma unit	Katherine Hodson , Alison Hall
70	Avoiding unrecognised oesophageal intubation: a quality-improvement project	Muhadh Ismath , Max Somer, Cyprian Mendonca
71	Are women monitored safely in labour ward recovery following a general anaesthetic?	Michael Jennings , Thaamharah Mahendrayogam
72	Dental damage during anaesthesia: updating departmental guidelines	Lateef Kamal , Krushi Pandaya, Mariam Omar, Mariam Kellah-Hozayen, Oliver Long
73	Emergency laparotomy: does frailty tip the scales?	Katyayani Katyayani, Tamer Younes
74	When does a regional catheter disconnect? Testing the tensile strength and different methods of fixation	Andrew Kermode , Benjamin Carey
75	Improving standardisation of response to intravenous access requests in emergency anaesthesia	Andrew Kerr, Emma Rhodes
76	The impact of videolaryngoscopy implementation on first-pass intubation success in a UK Helicopter Emergency Medicine Services platform	Naveed Kordmahalleh , Laura Kocierz

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
77	Peri-operative prescribing in obese children	Helen Kowitz Arroyo, Natalia Skorupska , Elisa Garcia, Peter Brooks
78	Mobile epidurals: current practices on labour ward at Northwick Park hospital	Divya Kumar , Astha Kanaparthi, Amit Nagpal, Sowmia Mammen
79	Regional anaesthetic alert bracelet implementation in practice	Akhil Lakhani
80	Capturing short-notice postponements at pre-assessment	Sin Kwan Cyra Lee , Miriam Stephens, Emma Murphy
81	Anaesthetists' intuitive risk evaluation of postoperative pulmonary complications: how good is it?	Weiguang Li , Rashantha Senanayake, Paige Wilkins, Emily Parker, Michael Jarvis
82	Is a lung-protective ventilation strategy being followed for adult surgical patients? A single-centre audit	Weiguang Li , Rashantha Senanayake, Paige Wilkins, Emily Parker, Michael Jarvis
83	Consent documentation for upper-limb nerve blocks. A 1-year, closed-loop, multi-site quality-improvement project	Iain Mactier , Adam Stark, Rachel Mansley
84	No drugs, no worries: a pilot study exploring virtual reality as an alternative to sedation in surgery	Christopher Marshall , Joellene Mitchell
85	Sip, don't suffer: improving pre-operative care with 'Sip 'til Send'	Rachel Moloney , Jessica Sullivan
86	Compliance to best practice guidelines during rapid sequence induction: a quality-improvement project	Asma Mumtehna , Huma Saleem, Mehwish Shafique, Almas Iqbal, Syeda Mariam Zehra Naqvi, Muhammad Hasnain Chatha
87	Peri-operative diabetes management: a tertiary centre experience	Yulia Negreskul , Sonali Thakrar
88	How compliant are we with the World Health Organization Surgical Safety Checklist? A cross-site quality-improvement project comparing hot and cold hospitals in a busy National Health Service Trust	Raahul Niranchanan , Darryl Braier-Lorimer, Shuliang Oliver Cheng, Shaimaa Ahmed, India Sheridan, Raj Shah
89	Brief before the bleep: a quality-improvement project	Raahul Niranchanan , Harry Whelan, Ailia Zaidi
90	Knowledge and confidence in neurological pupil index in an intensive care unit setting: an educational quality-improvement project in a tertiary care centre	Joyce Ong , Alastair Hurry
91	Improving anaesthetics handover and Confidential Enquiry into Perioperative Deaths list management to provide safer patient care	Bejal Patel , Sarah Vaughan, Clare Mashford, Samuel Diaz, Neil Berry, Benedict Scoones
92	Intubation safety checklist utilisation within an intensive care unit	Nahid Patel , Desmond Wilson, Fernando Rodríguez Albarrán
93	Ethnic disparities in the choice of epidural analgesia in Leicester Royal Infirmary	Gautam Pati, Lakmal Jayabahu , Prea Ramasamy
94	Local Safety Standards for Invasive Procedures and line trolley implementation in intensive therapy unit for safer, more efficient line insertion	Dulan Perera , Karthik SOMASUNDARAM
95	Sugammadex and hormonal contraception	Medha Pillai , Anna Johnstone, Pavan Raju
96	High-risk emergency gastrointestinal surgery patients not admitted to critical care: a search for answers	Victoria Pitfield , Jakob Dudziak, Ben Eden-Green, Victoria Bennett
97	Crystal unclear: how an unwanted drug precipitation can lead to improved practice	Elliot Quay, Roshan Saleh , Louis Stephen

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
98	Improving national and Trust guideline adherence to reduce recurrent restraints of mental health patients in the emergency department at St Thomas' Hospital	Ishaan Rahman, Branah Ahilan, Hafsa Siyad , Peter Jaye, Annalise Munro
99	Audit of postoperative pain management in primary knee arthroplasty following withdrawal of long-acting opioids	Philippa Ralph , Kasia MacDougall, Nick Suarez, Kate Grange
100	Evaluating documentation of videolaryngoscopy grading: an audit of current practice and proposed improvements	Claire Read
101	An audit exploring pre-operative booking change/cancellation/postponement ('turbulent activity') of listed surgeries at a district general hospital	Oliver Reed , Alexandra Hogan
102	The implementation of a formalised post-procedural review and escalation process for theatre recovery staff	Luca Scott , Charlotte Croft, Sean Speers
103	Re-dosing of prophylactic antibiotics during surgery	Ying Jie See, Jake Dowell, Nicola Walker, Veena Chapgaon , Katie Hanlon
104	Blood management at a major trauma centre: a re-audit of cell salvage usage and the barriers to its implementation	Alastair Shaw , Ikeola Alao, Kevin O'Donoghue
105	Delivering safety: a snapshot of World Health Organization Surgical Safety Checklist compliance in obstetric and gynaecological theatres at a busy district general hospital	India Sheridan , Darryl Braier-Lorimer, Shuliang Oliver Cheng, Shaimaa Ahmed, Raahul Niranchanan, Raj Shah
106	Quantitative neuromuscular monitoring: a quality-improvement project improving understanding, use and application	James Shuttleworth, Katy Plant , Sarah Carr, Peter Gledhill
107	The role of operating department practitioners in avoiding unrecognised oesophageal intubation: a quality-improvement project	Max Somer , Muhadh Ismath, Cyprian Mendonca
108	Two years of experience of patients with learning disabilities needing anaesthetic interventions: demonstrating a previously unmet need	Catherine Stewart
109	Operating theatre and anaesthetic services for a new public hospital serving northern Singapore: learning and lessons from design and delivery	Alan Thomson , Charles Jeyaseelan, John Tey
110	The separation of local anaesthetic to meet Anaesthesia Clinical Services Accreditation clinical standards	Romesh Tirimanna , Tobias Dixson
111	Digital documentation in obstetric anaesthesia: the hidden legal risks of inaccurate electronic records	Anushaprasath Uthayasingh , Sriram Naithilath
112	Implementing routine end-tidal carbon dioxide monitoring during endoscopic retrograde cholangiopancreatography under sedation: a patient safety quality-improvement initiative at a district general hospital	Nidhi Vedd , Daniel Wirth, Lisa Nicholls
113	Retrospective review of postoperative opioid consumption in laparoscopic paediatric kidney surgery: to block or not to block?	Andrew Violaris , Kathryn Brown, Penelope Colter, Selena Curkovic, Hannah Rhodes
114	Reducing out-of-hours energy waste in elective theatres: a quality-improvement project at Royal Oldham Hospital	Jack Warbey , Anna Goodwin
115	Closing the gap: standardising postoperative prescribing in orthopaedic anaesthesia	Eleanor Watson , Justas Mazunaitis
116	Improving waveform capnography monitoring for postoperative patients	Joseph Watson , Bisanth Batuwitige
117	Improving the peri-operative care of patients with diabetes who take sodium-glucose co-transporter 2 inhibitors	Samuel Williams , Lauren Winstanley, Mary Kumarendran, Hannah Lawlor, Yohinee Rajendran

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
118	A risk-stratification approach to streamlining the hot gallbladder pathway: maintaining safety and improving efficiency	Rachel Wright , Abdalla Hassan, Palanivelraju Gopalakrishnan
Case reports or case series		
119	Hydrodissection of masseter muscle in temporomandibular facial pain	Uzair Ali , Dominic Harmon, Areebah Hassan
120	Hydrodissection for gluteal tendinopathy	Uzair Ali , Areebah Hassan, Dominic Harmon
121	Anaesthesia for elective egg retrieval in a patient with maple syrup urinary disease	Adriana Paola Botello , Laxmi Shingshetty
122	An arrow to the heart or is it? Case report of crossbow injury	Iona Campbell , Uta Bellin
123	Obstetric management of a pregnant woman with lymphangiomyomatosis	Jessica Cheng , Hefin Llewellyn, Dipali Verma, Laura Wilson
124	Polyvinyl chloride tracheostomy tube fracture: a rare complication	Roisin Daly , Seosamh O'Riain
125	Anaesthetic management using i-gel® and total intravenous anaesthesia for a patient diagnosed with hereditary angioedema	Peter Gadelsyed , Ines Funtak, Mark Holliday
126	Peri-collapsed state following atraumatic nasogastric tube insertion	stacey goh
127	Management of acute pulmonary oedema in an obstetric patient with severe pre-eclampsia	Aqsa Haq , James Blair
128	Awake tracheostomy in an elective lingual thyroid patient	Ben Jones , Sofia Clegg
129	A 'clicky-jaw' leads to a jaw dropping emergency	Chris Yen-Chen Lo , John Bourke, Fiona Griffin, Rory Naughton, Liz Connolly, Aine Cafferkey
130	Possible resistance to local anaesthetics in an obstetric patient with hypermobility syndrome	Gautam Pati , Neeha Sandhu
131	Anaesthetic management of a patient with ataxia with oculomotor apraxia type 2 undergoing laparoscopic cholecystectomy	Lois Steuart , Simon Millar
132	Seeing beyond the syndrome: safe anaesthetic care in a child with Aarskog–Scott syndrome	Anushaprasath Uthayasingh , Shruti Kada, Aryasree Ramachandran Nair, Shilpi Sethi, Preeti Dewan
Education and training		
133	Multidisciplinary difficult airway workshops in a single specialty hospital: evaluating the importance of regular refresher teaching	Emma Abbott , Stephanie Kwok, Miran Kadr
134	Development of a peri-operative echocardiography fellowship: addressing a skill gap in anaesthetic practice	Asherah Bowen , Annalisa Miller
135	A review of supervision levels for anaesthetists in training in South Wales	Kathryn Brown , Lucy James, Andrew Violaris, Jon Holland
136	Developing a guideline for medical student teaching in the anaesthetic room: a proposal for structured educational engagement	Claudia Esquirol , Danielle Huckle
137	Curriculum to competence: redesigning training through structured workshop-based teaching of abdominal wall blocks	Mansi Gandhi , Nick Suarez
138	Introducing a teaching programme for resident doctors in plan A regional blocks in an acute district hospital	Niall McCartan , Helen Richardson, Laure Martin, Peter Merjavy
139	Improving standards of patient care through crisis simulation for staff working in the post-anaesthesia care unit	Shuwen Oo , Shi Hui Teh

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
140	Training gaps in the use of suxamethonium: a survey of anaesthetic trainees' confidence in independent use of suxamethonium across the North West region	Benjamin Perren , Daragh Lehane
141	Wellbeing matters: piloting a regional trainee wellbeing day	Caroline Phillips , Lara Allen, Adam Robinow
142	Peri-operative haemodynamic response during spinal anaesthesia for caesarean section in healthy and severe pre-eclamptic parturients	Gayathri Rajasekharan Nair , Sheeila Rani Imanual
143	Using simulated models to teach ultrasound-guided intravenous cannulation for Foundation doctors	Maya Shah
144	Ultrasound skills for basic and advanced vascular access as part of Foundation teaching	James Shuttleworth , Frederick Lam, Laurence Allan, Robin Wingate
145	The great escape: revolutionising burns resuscitation training	Alexandra Sinclair , Zyllan Paul Spilsbury
146	Foundation course in educational and clinical supervision	Dinesh Tumu
147	The impact of the National Institute for Health and Care Research Associate Principal Investigator scheme on anaesthetic trainee development and health research delivery at Leeds Teaching Hospitals NHS Trust	Chloe Uffendell , Caroline Thomas
148	Supporting neurodiversity in the East of England School of Anaesthesia	Emma Vallis-Booth , Helen Underhill
149	A review of the papers resident anaesthetists chose to present to a national online journal club	Nicholas Weston Smith , Anna Roberts, Crawford Deane
150	Is the National Surgical Quality Improvement Program Surgical Risk Calculator relevant to a West of Scotland high-risk surgical population?	Libby Campbell , Louise Cassidy, Miriam Stephens, Emma Murphy
Original research		
151	Early epidural initiation in obese parturients is associated with higher rates of operative intervention in childbirth	Penny Howe , Anna Sweeney, John (Jack) Cafferkey, Arlene Wise, Mathew Lyons
152	Correlation between dosage of oxytocin and peripartum haemorrhage	Abdulhafez Ibrahim , Stefan Hofer
153	Preventing postoperative sore throat: a systematic review	Zachary Moulder , Jason Mann, Paul Bramley, Jana Heinz, Matthew Wiles
154	Impact of neuromuscular blockade reversal with sugammadex on acute allograft rejection in renal transplantation	Dima Nassif , Lynn Valentine, Morven Millar, Jillian Scott, Indran Raju, Stephen Knight
155	Retrospective cohort analysis of combined regional anaesthesia and local infiltration analgesia in total joint arthroplasty: a safety evaluation	Dominic Thomsen , Zahra Rajput, Sharief Sharaf, William Turner
SAS Audit		
156	Improving arterial line management and documentation through targeted education of enhanced maternity care midwives and anaesthetic residents	Sunil James, Diana Pascu , Annabelle Whapples
157	Rib fracture analgesia and anaesthetic pre-operative assessment	Shahid Johar
158	From weight loss to aspiration risk: are we managing the peri-operative challenges of glucagon-like peptide-1 and dual glucagon-like peptide-1–gastric inhibitory polypeptide receptor agonists effectively?	Shahid Johar , Sumit Vasdev, Veronica Ramos
Roddie McNicol Patient Safety prize		
159	Improving local anaesthetic safety for joint arthroplasty	Charlotte Foley , Bilal Mohammed, Rohit Garkoti

Abstracts accepted to Annual Congress 2025

Abs no.	Abstract title	Author(s). Presenting author shown in bold
160	Safety of nurse triage pre-operative assessment clinic of high-risk patients: redesign of an existing pathway	Nikoleta Karadatkou
161	Straight-leg-raise bands: elevating standards for recovery post neuraxial blockade	Aditi Nijhawan , Madeleine Edwards, Georgina Harridge, Nilesh Sonawane, Dipal Shah, Matthew Wikner
