

e-Posters accepted to the SALG online Patient Safety Conference 2023

e-Poster number	Title	Authors (presenting author shown in bold)	Presentation type
1	Tea-trolley teaching: improving tracheostomy emergency care by non-airway clinicians in critical	S. Cheung, L. Kemp	Oral presentation and e-Poster display
2	Developing a patient safety teaching curriculum for final year medical students, the next generation of patient safety	R. Farrands , A. Mohabir, M. Size	Oral presentation and e-Poster display
3	Reducing patient harm from residual anaesthetic drugs in peripheral venous cannulae	H. Goddard , L. Hua , R. Cowden, S. Chillingworth, K. Carey,	Oral presentation and e-Poster display
4	Building team-training into the workday: a pilot	K. Millar , I. Glover, R. Mitchell, L. Zucco, N.	Oral presentation and e-Poster display
5	Medication safety during transition from critical care: a quality improvement project	E. Powell , Z. Gan, L. Pearcey , R. Sama	Oral presentation and e-Poster display
6	Peri-operative anaphylaxis: the safety is in the detail	J. Brooks, A. Winton	e-Poster display
7	Is tea trolley training an effective way to reinforce safe practice around unrecognised oesophageal	A. Butler, D. Gorstige	e-Poster display
8	No trace wrong place; an evaluation of availability of capnography in areas where tracheal intubation may occur in a district general hospital	A. Casement, T. Oldham	e-Poster display
9	No trace=Wrong place - a multi-disciplinary team approach	S. Cheung, S. Cardoso, R. Silhi, R. Tariq, J.	e-Poster display
10	Multi disciplinary risk assessment tool for use in critically ill children prior to intra-hospital transfer	A. Cole, J. Umo-Etuk, K. Gorrela	e-Poster display
11	Theatre safety quality improvement project	B. Djeugam, M. Karavadra, G. Elton, A.	e-Poster display
12	Peri-operative peripheral nerve injury after major spinal surgery in the prone position	P. Fooks, M. Poulson, L. Cossey	e-Poster display
13	Audit of ICU Lumbar Puncture Documentation	G. Gamble, C. Cunningham, C. Clarke	e-Poster display
14	Audit on the adequacy of difficult airway trolleys in Royal Oldham Hospital and Rochdale Infirmary	J. Gui	e-Poster display
15	Monitoring and management of post-thyroidectomy haematoma: a quality improvement project	O. Hicks, P. Stennings-Smith, D. Chitre	e-Poster display
16	Postoperative monitoring of neuraxial blockade in elective orthopaedic patients	K. Johnstone, A. Botello	e-Poster display
17	The complacency gap: practice and perceptions of the anaesthetic machine and breathing circuit check	J. Mann, L. Hammon, S. Jankowski	e-Poster display
18	Staff survey comparing two models of cannula [BD Nexiva versus BD Venflon]: an anaesthetic	S. Riley, S. Shabli	e-Poster display
19	An audit for compliance with checking of self-inflating bag during machine check amongst ODPs, consultant anaesthetists and trainee anaesthetists	A. Sharma, S. Smart	e-Poster display
20	An audit of hourly epidural block height and bromage score check by midwives	A. Sharma, A. Whapples	e-Poster display
21	Practice makes perfect: developing non-technical skills and patient safety through in-situ simulation	C. Wu, L. Nicholls, P. Kajekar, A. Spong	e-Poster display
