

Abstracts accepted to Trainee Conference 2024

Presenting author shown in bold

Abs no.	Abstract title	Author(s)	Category
Free papers: Oral presentation prize - sponsored by the MDU			
1	NIPPA: Non-invasive haemoglobin measurement to Identify Pre-operative Anaemia in patients scheduled for elective orthopaedic surgery, a single-centred prospective cohort, method comparison study	Hannah Adams , Gary Morrison	Oral presentation
2	Desbusters: a regional project to capture waste desflurane in an environmentally responsible manner	April Lu , Clifford Shelton	Oral presentation
3	Anaesthetic registrar handover: the digital phase	Christopher Taylor , Hayley Almond, Adrian Gooding	Oral presentation
Free papers: Oral case presentation prize - sponsored by the MDU			
4	Splenic artery aneurysm rupture in a pregnant patient presenting with epigastric pain	Claire-Marie Agius , Paula Morris	Oral presentation
5	Trauma Caesarean Section - an example of excellent interdisciplinary working	Anne Bailey , Megan Harty, Nidhi Gupta	Oral presentation
6	Propofol anaphylaxis, eggs, soy and peanuts	Hannah Bykar , Catriona Ferguson	Oral presentation
Posters			
Medical student poster prize			
7	Wellbeing by design: application of design theory to improvement of anaesthetic staff spaces in the NHS	Emily Alexander , Kathryn Wilkinson, Monique McLeod, Alyson Walker	Medical Student poster display
8	Efficacy of intraoperative femoral nerve block for hip fracture surgery under general anaesthesia in the early postoperative period	Ethan Beckford, Adone Jain , Abiodun Noah	Medical Student poster display
9	DrEaMing: improving postoperative recovery from elective surgery and exploring its barriers at University Hospital of Wales	Bethan Evans , Sara Churchill	Medical Student poster display
10	Post-spinal headache as a risk for post-spinal headache: are we telling obstetric patients the truth?!	Sam Gurling , Malcolm Broom, Rachel Kearns	Medical Student poster display
11	Pre-operative evaluation of the high-risk patient presenting for surgery	Mhairi Hunter , Myra McAdam	Medical Student poster display
12	I've got the power. Improving Train of Four (TOF) monitoring and documentation in neuromuscular blockade procedures	Jim Luckhurst , Pamela Brodie, Cara Hughes	Medical Student poster display
13	Adding objectivity to submaximal exercise testing by remote assessment of heart rate recovery at home. A healthy volunteer study V (SEARCH-V)	Jim Luckhurst , Cara Hughes, Hassan Ibrahim, Benjamin Shelley	Medical Student poster display
14	Assessing and improving treatment escalation plan utilisation: a post-pandemic mixed methods audit at University Hospital Monklands	Cal Molloy , Gordon Cowan, Jim Ruddy	Medical Student poster display
15	Epidural blood patch for post-dural puncture headache: using a standardised approach to improve quality of patient	Luke Solomi , Michael Booth	Medical Student poster display
16	Registry analysis of datix on opioid-related incidents in NHS Grampian	Erica Tsoi , Hollie Buchan, Patrice Forget	Medical Student poster display
Foundation Year trainee			
17	National audit on the use of transthoracic echocardiography before elective non-cardiac surgery in Malta	Manwel Abela , Daniel Formosa, Daniel Farrugia	Foundation Year Trainee poster display
18	Empowering paediatric anaesthetists: enhanced ultrasound utilisation in paediatric regional anaesthesia	Hannah Adams , Seth Galton, Stephanie Garcia Torres	Foundation Year Trainee poster display

Abstracts accepted to Trainee Conference 2024

Presenting author shown in bold

Abs no.	Abstract title	Author(s)	Category
19	A review of ICU in-patient ward referrals and seniority of first reviewer	Marianne Beach, Amelia Bowman , Emily Reynolds, Andrew Chadwick, Antonia James	Foundation Year Trainee poster display
20	Drug wastage associated with use of 2% propofol for total intravenous anaesthesia and sedation	Rebecca Blundell , Christopher Leddy, Jhalini Jawaheer	Foundation Year Trainee poster display
21	Outcomes following colorectal surgery. An evaluation of the 2018 colorectal enhanced recovery after surgery protocol through guidelines implemented by Leeds Teaching Hospitals NHS Trust	Jack Bonnington, Jerome Randle-Rai , John Jones	Foundation Year Trainee poster display
22	What is the evidence for using intranasal medicine in the prehospital setting? A systematic review	Amelia Bowman , Craig Domke, Sarah Morton	Foundation Year Trainee poster display
23	Tertiary single-centre service evaluation of regional anaesthetic techniques in paediatric orthopaedic and plastic patients	Olivia Helston , Caroline Wilson, Annabel Pearson	Foundation Year Trainee poster display
24	The Tea Trolley method, a novel approach to ultrasound guided cannulation teaching	Lyam Hutchinson , Marcus Hards	Foundation Year Trainee poster
25	Obstructive sleep apnoea in elective surgical patients at Chesterfield Royal Hospital Foundation Trust. Has the risk/benefit balance changed for investigation versus	Madeleine Oliver , Joanna Gordon	Foundation Year Trainee poster display
26	A quality improvement project: reducing postoperative thirst, hoarseness and sore throat through the introduction of ice lollies	Thomas Pike , Emily Murphy, Martin Cole	Foundation Year Trainee poster display
27	Rectus sheath catheters may not provide effective analgesia after paediatric laparotomy	Ellie Potter , Hannah Gill, Caroline Wilson	Foundation Year Trainee poster
28	Positive patient experiences of noise cancelling headphones as an adjunct to regional anaesthesia	Sebastian Stedman , Isabella Talbot, Edmund Elliott	Foundation Year Trainee poster display
29	The budding anaesthetist. An analysis of the factors influencing entry into anaesthetics training	Eva Tadros	Foundation Year Trainee poster
30	A closed loop audit on venous thromboembolism prophylaxis at South Tyneside District General Hospital	Anthony Thompson, Charles Robb , Laura Porras Arbelaez, Sanjay Deshpande	Foundation Year Trainee poster display
31	Management of pre-operative anaemia for elective orthopaedic surgery in a district general hospital	Rishi Umeria , Phil Found	Foundation Year Trainee poster
32	Environmental impact and financial burden of wasted nitrous oxide at Harrogate & District NHS Foundation Trust	Rachel Valins , Fathima Nawas, Robert Tuffin	Foundation Year Trainee poster display
33	Quality improvement project: can optimising recovery reduce thoracic admissions to our intensive care unit?	Hannah Yonis , Maria Rita Maccaroni, Hisham Hosny, Adam Richardson-Raine	Foundation Year Trainee poster display
Stage 1			
34	Precision in crisis: Tackling discrepancies, wastage and human error in major haemorrhage resuscitation	Euan Allan , Navin Balasubramanian, Jessica Scott, Aimi Baird, Rachel Hawes	Stage 1 poster display
35	Does one size fit all? A survey of anaesthetists' approach to estimating blood volume in obstetric patients at Luton & Dunstable University Hospital	Poojani Arulrajah , Harriet Nicholls, Suganya Sabaretnam	Stage 1 poster display

Abstracts accepted to Trainee Conference 2024

Abs no.	Abstract title	Author(s)	Category
36	Assisting with the airway course: improving advanced airway management in major trauma and critically unwell patients	Lola Baker-Beal, Paul Morillon , Josie Priest, Shirley Zhang, Karun Luthra, Jay Dasan, Roger Bloomer	Stage 1 poster display
37	Improving pre-operative fluid fasting times in elective patients: an audit	Katie-Louise Berwick, Shefali Arya	Stage 1 poster display
38	Exploring awareness and implementation of the Quick Reference Handbook at Macclesfield Hospital	Ailbhe Brady	Stage 1 poster display
39	A risky strategy: a retrospective review of the use of risk scoring tools in patients attending emergency theatre.	Rebekah Brown, Eilidh Simpson , Sin Kwan Cyra Lee, Clare Currie, Rhys Millington	Stage 1 poster display
40	Time to think: a service evaluation project on debriefing post-cardiac arrest in a district general hospital	Matthew Caine, Natasha Howard	Stage 1 poster display
41	Knowledge of the interaction between sugammadex and hormonal contraception in women of child bearing age	Morwenna Coultate, Megan Whitaker	Stage 1 poster display
42	Improving the quality and consistency of handover from theatre to recovery using the IDEAL handover	Calum Craig , Ronan Lyne, Julia Harrington, Sam McEwan	Stage 1 poster display
43	Differences in rate of drinking, eating and mobilising (DrEaMing) within 24 hours between critical care and level 1 nurse enhanced unit. Impact on length of stay for patients undergoing elective colorectal surgery	Alexander Dunn-Roberts , Philip Antill	Stage 1 poster display
44	Unplanned critical care admission amongst colorectal cancer resection patients - exploring the impact of enhanced surgical care provision on length of stay and DrEaMing rates	Alexander Dunn-Roberts , Philip Antill, Andrew Scott, Zoe Murphy	Stage 1 poster display
45	Improving staff confidence in the management of opioid-induced respiratory depression in postoperative patients	Louise Fagan	Stage 1 poster display
46	Reducing the carbon footprint of paracetamol for elective day case surgery	Louise Fagan, Joseph Jermey, Mattias Kahlin , Stephanie Zioupos, Sarah Cross	Stage 1 poster display
47	Increasing educational satisfaction and facilitating more trainee-centred training - quality improvement project utilising anaesthetic educational "check-ins"	Jessica Gillard	Stage 1 poster display
48	Introducing a focused capnography training package to improve monitoring compliance in theatre recovery	Layla Guscoth , Matthew Titterington, Zahra Rajput, Amita Gupta	Stage 1 poster display
49	Intrathecal ropivacaine for day-case arthroplasty: a trust-wide quality improvement project to reduce incidence of postoperative side effects in lower limb arthroplasty and improve day case rates	Sade Hacking , Rory MacLagan, Nishaan Nayar, Neill Innes, James Hanson, Stephen Mowat	Stage 1 poster display
50	Next-of-kin/carer communication around capacity assessment in the emergency department: an audit project	Christopher Hillyar	Stage 1 poster display
51	Next-of-kin communications in the emergency assessment unit: a closed-loop quality improvement project	Christopher Hillyar , Anjan Nibber, Amy Warwick, Sarah McKelvie, Andrew Brent	Stage 1 poster display
52	A survey of anaesthetists' and obstetricians' experiences, attitudes and perceptions regarding decision making for category one caesarean sections and mode of anaesthesia - do we share the same mental model?	Nicholas Hobbs	Stage 1 poster display
53	How low can you go? A multi-cycle quality improvement project on improving efficiency of anaesthetic gases	Oliver King , Duncan Farquhar-Thomson	Stage 1 poster display

Abstracts accepted to Trainee Conference 2024

Presenting author shown in bold

Abs no.	Abstract title	Author(s)	Category
54	Safe working conditions: sleep audit	Timothy Lee , Simon Trundle, Zoë Ovenden	Stage 1 poster display
55	How well does research reflect critical illness journeys? A systematic scoping review	Pei Shan Lim , Mark Tan, Saarth Shiralkar	Stage 1 poster display
56	Increasing awareness of emergency drugs and equipment in the theatre environment: a quality improvement project	Ronan Lyne, Calum Craig , Samantha McEwan, Julia Harrington	Stage 1 poster display
57	Pain assessment on Sunderland Royal Hospital's integrated critical care unit	Heather MacFarlane	Stage 1 poster display
58	Anaesthetic chart documentation in caesarean sections: elective versus emergency	Laura McAughtrie , Upma Misra	Stage 1 poster display
59	Enhancing postoperative pain management: a follow-up study on day case gynaecology surgery and orthopaedics patients	Marcus McClean , Joshua Singleton, Gregory Fraser, Max Thomas, Boyne Bellow	Stage 1 poster display
60	Take five: rationalising dihydrocodeine prescribing	Kirsty McCrorie , Steven Young	Stage 1 poster display
61	Navigating the maze: enhancing emergency preparedness in the operating theatre through trainee-led MDT education	Christopher McKee	Stage 1 poster display
62	Peri-operative management of diabetes mellitus in patients undergoing elective surgery	Hooi Shin Ng , Mohan Ranganathan, Karthik Kumar Baiju, Shreya Bannuru, Shabnam Buhary, Ahmed Tayyib Lone	Stage 1 poster display
63	Lighting the path: fibreoptic strategies to optimise success in supraglottitis management	Aditi Nijhawan , Stuart Clarke, Roger Thompson, Ankit Kumar	Stage 1 poster display
64	Implementation of the Association of Anaesthetists' recommended levels of peri-operative monitoring	Daniel Nolan , Philip Bewley	Stage 1 poster display
65	Epidural top up for emergency caesarean section: an ergonomic intervention to increase protocol compliance and reduce failure rate	Craig Nunn	Stage 1 poster display
66	Sip Til Send on inpatient wards: a quality improvement project	Matthew Parks , David Falzon, Luisa Padovani, Thomas Stublely, Stephanie Zioupos	Stage 1 poster display
67	Improving anaesthetic emergency management by the introduction of an emergency drug and equipment locator	Lucy Partridge, Layla Guscoth , Agnes Fong	Stage 1 poster display
68	Do checklists improve the quality of ICU medic handovers?	Shivam Patel	Stage 1 poster display
69	Regional survey of aseptic precautions used for spinal anaesthesia. Is it time to review the routine use of sterile gowns?	Matthew Peacock , Claire Abeysekera	Stage 1 poster display
70	Unplanned admissions post elective laparoscopic cholecystectomies in Horton General Hospital day case unit	Hanin Ramadan , Robert Paul	Stage 1 poster display
71	Feeling numb on your nightshift: management of an undisclosed local anaesthetic allergy overnight on labour	Joseph Reason , Duncan Kemp	Stage 1 poster display
72	Gentamicin prescribing in CEPOD for general surgical patients	Nicola Rodgers, Emma Hendry , Jelena Skuratova, Elan Tsarfati	Stage 1 poster display
73	Improving the postoperative handover process in the intensive care unit of a tertiary teaching hospital	Jaszmin Sonia Kaur Rugber Singh , Martin Smith	Stage 1 poster display
74	Implementation of interim consultant role by stage 3 trainees in a tertiary level hospital	Jaszmin Sonia Kaur Rugber Singh , Martin Smith	Stage 1 poster display

Abstracts accepted to Trainee Conference 2024

Abs no.	Abstract title	Author(s)	Category
75	An audit on the adherence to the use of the WHO Surgical Safety Checklist	Muhammad Waleed Sanallah, Jamie Colly	Stage 1 poster display
76	Peri-operative use of continuous subcutaneous insulin infusions	Ariadne Saniklidou , Amy Dutia, Paul Bourke	Stage 1 poster display
77	Ultrasound-guided intravenous access calls. A multidisciplinary intervention	Nikhil Sarma , Ali Abbas, Sarb Clare, Alison Brake	Stage 1 poster display
78	The implementation of a standardised checklist to improve the handover of postoperative care to recovery staff	Poppy Sellwood , Lucy Urbas, Kelly Place	Stage 1 poster display
79	Practice of objective risk stratification and documentation in high-risk trauma referrals: an analysis	Veezhmhan Seynulabdeen , Kalum Ranatunga	Stage 1 poster display
80	Emergency Scenario Communication And Problem-solving Experience (ESCAPE). A novel, alternative method for training Anaesthetists non-technical skills	Jonathan Sharpe	Stage 1 poster display
81	Enhancing capnography monitoring adherence in postoperative recovery	Filip Sianos , Sophie Foreman	Stage 1 poster display
82	Rectus sheath catheters: a pain to place or in place of pain?	Annie Smith , Sarah Hurst, Peter Gledhill	Stage 1 poster display
83	Pre-operative oral paracetamol: a simple step to a sustainable future	Sinead Sweeney , Edmund Skibowski	Stage 1 poster display
84	Improving access to emergency airway devices in the anaesthetic room. A quality improvement study	Joanna Tait, Jack Cafferkey , Neil Emslie, Kate Theodosiou	Stage 1 poster display
85	Writer's Block. Improving the documentation of peripheral nerve blocks at Kettering General Hospital	Tony Talhat , Achese Inimgba, Justin Yim , Asquad Sultan	Stage 1 poster display
86	Concentrating on the bleed. A qualitative improvement project to improve the awareness and appropriate utilisation of fibrinogen concentrate in the event of massive obstetric haemorrhage	Tony Talhat , Lisa Sharp	Stage 1 poster display
87	Improving the quality of patient handovers from theatres to high-dependency unit in a district general hospital with a standardised checklist	Huai Ling Tan , Chamika Wanigasundara, Hina Lodhi	Stage 1 poster display
88	Informal teaching sessions improve the confidence of theatre staff in managing malignant hyperthermia	Adam Taylforth , Hanin Ramadan	Stage 1 poster display
89	A study of the use of emergency drugs and plastic consumables in elective theatres	Samuel Telfort , Le Theng Gan, Sumreen James, Edward Cook, Bhagyashree Netke	Stage 1 poster display
90	Delays in emergency theatre and introduction of the golden patient	Meera Tharmaratnam , Rupinder Kaur	Stage 1 poster display
91	Variation in midline usage and anaesthetist involvement in their insertion across NHS trusts in England	James Turnbull	Stage 1 poster display
92	Improving departmental awareness of sharps injury policy among theatre staff using a multidisciplinary 'tea trolley' training programme	Daniel Wait , Isabel Lever, Fiona Kelly	Stage 1 poster display
93	Airway "tea trolley training" in a large district general hospital	Ian Whiteford , Lorna McEwan	Stage 1 poster display
94	Transurethral and cystoscopic procedures in urology: feasibility of a standardised day-case spinal pathway	Emily Yeung , Jian Ying Quek, Martha Morton, Myra McAdam	Stage 1 poster display
Stage 2			
95	Introduction of an emergency bronchospasm box	Anne Bailey , Caroline Hawe	Stage 2 poster display

Abstracts accepted to Trainee Conference 2024

Presenting author shown in bold

Abs no.	Abstract title	Author(s)	Category
96	South Yorkshire critical care operational delivery network: transfer documentation quality audit	Jonathan Emberey , Heather Reynolds, Emma Temple, Ella Quintela	Stage 2 poster display
97	West of Scotland anaesthetic peer mentoring programme	Clare Flood , Pooja Hartley, William Milligan, Colin Hutchison	Stage 2 poster display
98	The influence of body composition on overall survival in resectional oesophagogastric cancer	Alice Graham , Leo Brown, Richard Skipworth	Stage 2 poster display
99	Zooming out: a revival of face-to-face Primary FRCA teaching with integrated skills workshops and incorporation of the 2021 Anaesthetics curriculum	Declan Love , Kirsty McClelland	Stage 2 poster display
100	Pillars of the Primary SOE and OSCE: Preparing to succeed	Kirsty McClelland , Declan Love	Stage 2 poster display
101	Education is empowerment: Improving confidence among stage one anaesthetic trainees in managing the paediatric patient outside of a tertiary setting	Hannah Mulgrew , Amit Dawar, Hefin Llewellyn	Stage 2 poster display
102	Developing an accessible and engaging anaesthetic journal club in a district general hospital	Paul Purvis, Katherine Ganly, Gemma Balfour , Roslyn Carnie	Stage 2 poster display
103	Cooking up a storm: crisis resource management	Jeveria Raja	Stage 2 poster display
104	Escaping the confines of classical airway teaching	Jeveria Raja, Sophie Checkley	Stage 2 poster display
105	NHS Ayrshire & Arran local anaesthetic systemic toxicity safety project	Cameron Taylor, Rebecca Lewsey , Kevin Walker	Stage 2 poster display
106	Prevention and recognition of unrecognised oesophageal intubation in operating theatres: a multidisciplinary approach	Susan Tetlow , Claire Abeysekera, Lauren Brain, Fiona Kelly, Tim Cook	Stage 2 poster display
107	Bone cement implantation syndrome - teaching for a multi-disciplinary team effort	Amelia Van Manen, Hanin Ramadan	Stage 2 poster display
108	Virtual anaesthetics a unique simulation-based virtual learning environment for pain training: a comprehensive update	Katherine Wainwright , Richard Wassall, Sonia Pierce, Cliff Shelton	Stage 2 poster display
109	Improving the emergency call system in theatres. An Anaesthesia Clinical Services Accreditation standard	John Whitehouse, Aaron Yip , Prea Ramasamy	Stage 2 poster display
110	A novel solution to recurrent laryngeal nerve monitoring in a patient with a tracheostomy	Carl Williams, Alexander Sharp , Lowri Hughes	Stage 2 poster display
Stage 3			
111	Minimising delays in emergency theatre at Glenfield Hospital	Zaid Ahmed , Atul Mistry	Stage 3 poster display
112	Back to the Ventilator: can we predict the future? Assessing rates of failed extubation and evaluating potential predictors of failure at Queen Elizabeth University Hospital Critical Care Unit	Michael Airlie , Sean Duignan, Robert Hart	Stage 3 poster display
113	Improving safety for patients requiring surgery out of hours in a new hospital building: systems and processes	Mohammed Bakir , Michael Gilhooly	Stage 3 poster display
114	Patient pathways through to organ donation: Achieving Comprehensive Co-ordination in Organ Donation (ACCORD): Wales study 2023	Brigitte Baxter , Sarah Elgarf, Esther Godfrey, David Davies, Jessica Notzing	Stage 3 poster display
115	The transformation from pedagogy to andragogy-based FRCA teaching promotes active learning and improves	Basant Bhattarai , Christopher Browell	Stage 3 poster display
116	Named reusable theatre hats: a collaborative project between the Mersey and the North West deaneries	Rachel Cassin , Shivani Gulati	Stage 3 poster display

Abstracts accepted to Trainee Conference 2024

Abs no.	Abstract title	Author(s)	Category
117	Shared decision making in a specialist gynaecology-oncology pathway: a peri-operative service evaluation	Stuart Connal , Tom Salih, Sarah Wintle, Justyna Huczko	Stage 3 poster display
118	Improving accessibility and inclusivity: developing an easy read guide to anaesthesia	Olivia Coombs , Fiona Armstrong	Stage 3 poster display
119	Peri-operative anaemia - diving below the tip of the iceberg	Olivia Coombs , Alexander Pearman, Caroline Thompson, Elizabeth Eyres, Craig Carroll	Stage 3 poster display
120	A comparison of performance against enhanced recovery after surgery pathways: a quality improvement project	Louise Crawford , Zulqarnain Majid	Stage 3 poster display
121	Auditing the use of quantitative neuromuscular monitoring for patients undergoing emergency and elective procedures at the Freeman Hospital, Newcastle	Graham Harris , Ian Nesbitt, Vivek Vaidya on behalf of the Collaborative Research in Anaesthesia in the North East	Stage 3 poster display
122	Introduction of a new course for post-FRCA trainees in preparation for life as an anaesthetic consultant	Brendan Haughey , Hannah Smyth	Stage 3 poster display
123	I'm all about that space! 'Bout that space: do anaesthetists know the dead space in frequently used equipment?	Jennifer Hooper , Chris Izod	Stage 3 poster display
124	A comparison between intrathecal opioids alongside wound catheter and thoracic epidural analgesia for providing peri-operative analgesia for open liver resections and their overall effect on patient's recovery and pain scores	Ahsan Kamran , James Sheehan, Mathanke Vivekanandan , Matthew Judd, Chris Jones	Stage 3 poster display
125	Enhancing the trainee's experience of rotational placements throughout their medical career via an accessible, user-friendly and easy-to-navigate app	April Lu , Sherina Peroos , Victoria Scott-Warren	Stage 3 poster display
126	Advanced airway assessment and management in a stridorous patient	Sebastian Molyneux	Stage 3 poster display
127	Clinical and mathematical quantification of emergency surgery performance: a systematic literature review	Sarah Morton , Narges Mohammadi, Roshni Manek, Reza Skandari, Christopher Mullington	Stage 3 poster display
128	Cardiorespiratory consequences of attenuated fentanyl and augmented rocuronium dosing during protocolised prehospital emergency anaesthesia at a regional air ambulance service. A retrospective study	Sarah Morton , Zoey Spurgeon, Charlotte Ashworth, James Samouelle, Peter Sherren	Stage 3 poster display
129	Peri-operative anaemia: streamlining the service at Salford Royal Hospital	Alexander Pearman, Olivia Coombs , Caroline Thompson, Elizabeth Eyres, Craig Carroll	Stage 3 poster display
130	Management of subglottic tracheal stenosis in the pregnant patient	Paula Pyper , Claire White	Stage 3 poster display
131	Making every encounter count! Is the pre-assessment interaction on the day of surgery a missed opportunity to offer smoking cessation advice?	Oliver Ross-Smith , John Summers	Stage 3 poster display
132	Waving goodbye to uncertainty?: a pilot study investigating capnography variation	Andrew Shepherd , Jennifer Proc, Patrick Ward, Alistair McNarry, Mathew Lyons	Stage 3 poster display
133	High body mass index and Epworth sleepiness scale score and referral for sleep studies to diagnose obstructive sleep apnoea in the peri-operative setting	Justin Sim , Benedict Jong , Neha Nupoor	Stage 3 poster display

Abstracts accepted to Trainee Conference 2024
